Homeowner workshops for 2010

- January 23
- March 20
- May 22
- July 24
- September 18
- November 20

All homeowner workshops begin at 8:00 a.m. and end at 12:00 noon

This workshop is open to anyone who is interested in learning about the benefits of [ClimateMaster](#) geothermal heat pumps. We will perform a PowerPoint presentation at 8:15 a.m. and then again at 10:15 a.m. Our experienced and professional staff, which includes several Certified Geo Designers and Accredited Installers ([IGSHPA](#)) will be on hand to answer any questions or concerns you may have concerning geothermal heat pumps and their various application parameters. There will also be several qualified installers and well driller “partners” you may want to engage directly toward identifying pricing and install variables for your geothermal project.

This is a *FREE* workshop.

Coffee and doughnuts will be served and the dress is casual.

Space is limited so please R.S.V.P. If you plan on attending!

The Water Energy team looks forward to meeting you!

WORKSHOPS ARE HELD AT WATER ENERGY DISTRIBUTORS...

“GEO BARN!”

*** 2 Starwood Drive Hampstead, NH 03841**

* From North or South, off Route 495 take Exit 51B (Plaistow, NH) onto Route 125 North.

Continue to follow straight at light (125 turns into 121) for about 4 miles. Turn right onto Route 111 EAST (.8 miles). Turn right onto STARWOOD DR.

You can also visit www.mapquest.com or www.mapblast.com for driving directions.
